## **ENROLLMENT INFORMATION**

### **RESIDENCY**

Students whose guardian lives within the district shall attend Malden Grade School unless exempted by attendance in an optional setting. Students who are labeled as homeless will not be denied enrollment. Nonresident may attend only with permission of the Board of Education, Superintendent of Schools, and payment of current tuition rate.

### **IMMUNIZATION AND PHYSICAL EXAMINATIONS**

All students entering Kindergarten and Sixth Grade (beginning in 2009/2010 school year) are required to show evidence of an Illinois physical exam and current immunization records by the 15<sup>th</sup> day of October. Proof of dental exams is required,

unless appropriate waiver is provided, during the student's Kindergarten, Second Grade, and Sixth Grade years. Effective as of January 1, 2008, all children entering Kindergarten, or upon first entry into an Illinois school beyond Kindergarten, are required to have an eye examination. Proof of an eye examination by an optometrist or medical doctor who performs eye examinations, as specified in the IL Department of Public Health administrative rules, must be supplied to the school. Forms for your physician, dentist, and optometrist to complete can be picked up at the school office or are also available at your doctor's office. All necessary medical forms must be completed and included in the student's office file by October 15. A student may not attend school after October 15 until meeting the requirements in compliance with Illinois School Code.

Intermittent checks will be made of all students to avoid the presence of head lice. Any child found to have head lice or excessive nits (eggs) will be excluded from the classroom until treatment is complete and nits are removed from the hair. A parent or guardian will be notified immediately to take the child home. For readmission to school, parent(s) must show proof of appropriate treatment (proof-of-purchase of an over-the-counter product, not from physician, or copy of prescription) and the student(s) must also be checked by school personnel. If parents are aware of any lice infestation in their children, they should call the school office as soon as possible.

### **BIRTH CERTIFICATE**

A certified copy of the student's birth must be provided by parent/guardian when registering a student. State law requires the Principal to notify local law enforcement agency of failure to obtain certified birth certificate.

### **BUS TRANSPORTATION**

Free daily bus transportation will be provided for any district student who resides one and one-half miles from school or where a documented serious hazard exists. Transportation procedures are followed as outlined in District Policy 4:110 and Administrative Procedures. A student's parent(s)/guardian(s) may file a petition with the Board requesting transportation due to the existence of a serious safety hazard.

### **TEXTBOOKS AND SCHOOL SUPPLIES**

Textbook and workbooks for all grades will be provided by the school for a rental fee of \$50 per student. The rental fee will help to defray the cost of workbooks, the cost of some supplies furnished by the school, and a portion of the cost of textbook use. Any parents who are not financially able to make such payments may file a waiver of fees form.

At the time of registration, parents will receive a list of required school supplies for each grade level. Please check with your child each nine weeks to be certain he/she has adequate school supplies, particularly pencils and paper. Parents will be notified if students lack needed supplies.

In cases where textbooks are extensively damaged by rough usage, the student will be required to pay for repairing or replacing the books.

Malden Grade School faculty will attempt to ensure that all textbooks, workbooks, and materials used as part of the curriculum will be anti-bias in content. Parent(s)/guardian(s) may contact the school office to arrange to review instructional materials.

Chromebooks- Students will be responsible for replacement if damaged by rough use.

### **WAIVER OF STUDENT FEES**

Students whose parents are unable to afford student fees may receive a waiver of the fees, including milk and book rental. However, these students are not exempt from charges for lost and damaged books, materials, supplies and equipment.

At the beginning of each school year, the school district's waiver of school fees policy will be given in writing to each student's parent (s) or guardian(s). A fee waiver application form shall be included with the notification. The notification shall be in English or the home language of the parent(s) or guardian(s). A student shall be eligible for a waiver if the following prerequisites are met:

1. The student is currently receiving aid under Article IV of the Illinois Public Aid Code (Aide to Families with Dependent Children).
2. The student is currently eligible for Free or Reduced Price Meals pursuant to Ill. Rev. Stat., ch. 122, para. 712. 1 et esq.
3. The student's family is currently eligible under the guidelines of family-size income levels prescribed annually by the Secretary of Agriculture. Also consideration will be given by the Superintendent to additional factors such as:
  1. Illness in the family
  2. Unusual expenses such as fire, flood, storm damage, etc.
  3. Seasonal unemployment

**HOMELESS ASSISTANCE**

The district will provide for assistance to “homeless child” as provided in the McKinney Homeless Assistance Act and State law. A child regarded as homeless shall be immediately enrolled even if the parent(s)/guardian(s) is unable to produce records normally required for enrollment. Transportation shall be provided in accordance with the McKinney Homeless Assistance Act and State law. Please contact homeless liaison, Brenda Dye at 815-643-2436, with questions.

**SCHOOL PROPERTY AND EQUIPMENT**

School authorities may inspect and search school property and equipment owned or controlled by the school, including lockers, desks, and parking lots, as well as personal effects left there by a student, without notice to or the consent of the student. Students have no reasonable expectation of privacy in these places or areas or in their personal effects left there.

**LOCKERS AND LOCKER SEARCHES**

All students will be assigned a hall locker. Junior High students may be assigned two (2) lockers for their use. Although lockers are used by the students, the lockers remain the property of the school and may be searched with or without pupil consent or knowledge. All student property (including book bags, coats, etc.) should be placed in the lockers rather than in the classrooms or restrooms. Students may use their own combination (rather than keyed) locks on their lockers; however, the lock combination must be filed in the office.

No open drinks may be placed in lockers. A closed bottled or sealed canned drink may be kept in the locker for the student’s lunch that day. Students are not to store extra food or drinks in their lockers. Food and drinks are not to be brought back to the locker from the lunchroom. Individual teachers may allow bottled water or sports drinks to be brought into the classroom. Otherwise students have access to the hallway water fountain. Drinks kept in lockers should be for drinking at lunch time only.

Band instruments will be neatly stored within their homeroom classroom.

**STATEMENT OF GOOD STANDING**

Students transferring from an Illinois public school to Malden Grade School during the regular school term must present a “statement of Good Standing Form” from the previous school. The form indicates the academic status of the transferring student and whether or not the student is on a current suspension or expulsion from their previous school.

**BOOSTER CLUB**

All parents are encouraged to become active members of the Malden Booster Club. Proceeds of fundraisers impact all Malden students. Please be involved and contribute you time and talents.

**Mission Statement:**

Our mission is to promote cooperation between parents, to connect with teachers and staff and to raise funding to make Malden Grade School the most enjoyable place to learn.

**Purpose:**

The purpose of this organization is to support the school through activities and funding to purchase items that the children and school would otherwise do without. Meetings are to be held on the first Tuesday in the months of September, November, January, and April at 7 p.m.

**ATTENDANCE POLICY PROCEDURES**

**SCHOOL HOURS**

Pre-school (Stepping Stones)	Morning	8:30 a.m.- 11:30 a.m.
	Afternoon	12:00 p.m.- 2:30 p.m.
Kindergarten – Eighth Grades . . . . .		8:00a.m. – 3:00p.m.
Wednesdays- all grades. . . . .		8:00 a.m.- 2:30 p.m.

The District maintains a full-day kindergarten with an instructional program that fulfills the District’s curriculum goals and objectives and the requirements of the State law. The District also offers a half-day kindergarten for those parents who request a half-day program. Parents are responsible for arranging their own child’s transportation home at 11:30a.m. if opting for a half-day program.

School is in session from 8:00a.m. until 3:00p.m. Students who do not ride the bus are requested not to be on the school grounds prior to 7:30a.m. Parents transporting students to school should enter the back drive at the south end and drop the students off on the west side by the playground. Students who walk or ride their bikes to school should report to the playground area after parking their bikes in the area provided at the front of the school. During inclement weather students

are to report to the gym bleachers. Students may enter the building by the west door. Students may not enter by the south door or the gym door to avoid tracking on the gym floor.

### **CROSSING GUARD**

Students living on the south side of Main Street and the Burlington Northern Train Tracks, who walk or ride a bicycle to school, will be supervised in safely crossing tracks and Main Street by the crossing guard when coming to school in the morning and when going home in the afternoon. The morning duty time for the crossing guard will be from 7:30-8:00a.m. each day of school attendance. The afternoon duty time for the crossing guard will be the half hour immediately following time of dismissal, depending on regular, early, or emergency school dismissals. These students are required to use the walkways across the railroad tracks and across Main Street in the middle of the village. Unless parent(s)/guardian(s) have signed a legal Waiver and Release Railroad Crossing form and returned this form to the Superintendent, these students need to follow all directions of the crossing guard on duty. The crossing guard position is jointly provided by the district and the Village of Malden for the safety of our students.

### **ATTENDANCE**

Success in school is dependent upon punctuality and regular attendance. When a student is absent, the parent or guardian must call the school office between 7:30 A.M. and 9:00 A.M., stating the reason for the student's absence. Voice mail is available when no one is available to answer the phone. If a parent does not call The School Code of Illinois requires the school to contact the parent to verify an unreported or unexcused absence. The final responsibility to see the student is legally in school rests with the parent or guardian. Students and parents must act in compliance with the Illinois School Code, Chapter 122, Articles 26-1 and 26-2, which governs compulsory school attendance laws, excessive absences, and truancy.

The next day in attendance, the student will report directly to classes and will not need an admit slip. After five consecutive school days of absences (disregarding weekends or holidays) due to illness, students must have a note from a doctor to re-enter school. The administration will require a physician's statement for any student illness after ten (10) or more accumulated days of absence for the current school year. Failure to provide a statement from a physician for each day of absence after that time may result in the following action to be taken:

- a) Assigning an unexcused absence for student failing to follow school attendance policy.
- b) Notification to district superintendent and the regional superintendent that the student is truant and in violation of the school attendance policy.

An unexcused absence is assigned when a student fails to follow the school attendance policy. The student must make up all assignments missed as a result of the unexcused absence.

### **PERFECT ATTENDANCE**

Attendance is based on minutes of instruction received. The 45-minute lunch/recess is not included in determining instruction time. Listed below are the mandatory criteria for full days of attendance for Perfect Attendance and State Aid determination:

#### **300-Minute Guidelines for Attendance**

Grades K-1:	Grades 2-8:
240+ minutes = Full day attendance	300 + minutes = Full day attendance
120-239 minutes = 1/2 day attendance	150-299 minutes = ½ day attendance
0 – 119 minutes = 0 attendance	0 – 149 minutes = 0 attendance

Attendance tickets are a separate attendance incentive and not related to the above section. Students have to be in school for every minute to earn a ticket. It is possible for a student to have school perfect attendance but not earn all the tickets.

### **EXCUSED ABSENCES**

The following reasons are considered excused absences:

1. Illness of student
2. Serious illness or death in the family
3. Family trips, if prior arrangements are made and approved by the Superintendent  
Written information should be given to Superintendent prior to the first day of the trip.
4. Medical and dental appointments

A physician's statement will be required after five (5) consecutive (disregarding weekends and holidays) school days of absence from school. Students who are to be excused from P.E. and recess for more than two (2) days must have a written physician's excuse.

### **TARDIES**

Students accumulating three tardies to a single class or during a single week may be required to serve an after school tardiness detention on a cumulating time basis.

## **TRUANCY**

A “Truant” is a child subject to compulsory school attendance and who is absent without valid cause from such attendance for a school day or portion thereof. Through absence notification (parent/guardian calls the school to notify of authorized absences or Principal designee reaches parent/guardian by phone within 2 hours of first class to request reason for absence) school personnel will determine if reason for student’s absence is valid or not.

After 9 days of student absences without valid reasons, the Superintendent/Principal will conduct interviews of the student, parent, and any other school personnel who may have helpful information. The following supportive services may be offered to truant or chronically truant students: parent-teacher conferences, student counseling through school social worker, or information about community agency services.

If truancy continues after supportive services have been offered, the Superintendent/Principal may request the resources of the truant support services of the Bureau-Henry-Stark Regional Office of Education and/or the juvenile officer of the Bureau County Sheriff Department.

## **STUDENTS ARRIVING LATE OR LEAVING EARLY**

Students arriving late or leaving early for appointments or illness must sign in or out at the office. Students who are tardy must sign in at the office, and a record of tardies will be kept in the attendance books. Parents should make every effort to ensure that their children arrive at school on time so that their children do not miss any of the day’s instruction. Parents will be notified by letter if students are tardy more than 5 times during the year. In Grades K-4 follow-up procedures for tardy students will be provided by the classroom teacher.

## **STUDENT ILLNESS**

Students with elevated temperatures, contagious illnesses and/or other symptoms of illness (diarrhea, nausea, flu, etc.) should remain home until they are free of symptoms for twenty-four hours. A student with or carrying a communicable and/or chronic infectious disease has all rights, privileges, and services provided by law and the District’s policies. Necessary procedures will be implemented by administration and school personnel with direction and assistance as needed from Bureau County Health Department, Illinois Department of Public Health (IDPH), and Illinois State Board of Education (ISBE).

## **MAKEUP WORK**

After an absence, the **student is responsible for obtaining any missed assignments** and homework from the classroom teacher the day following the absence. Students will be provided homework as soon as possible. Parents should not expect that teachers provide homework the day of the absence due to other teacher duties. Obtaining missed assignments and homework should be done during the first week after returning to school. Students may have one day to make up missed work for each day missed. It is the student’s responsibility to turn-in missed assignments by the appropriate time.

## **MEDICAL EXCLUSION FROM PHYSICAL EDUCATION/RECESS PARTICIPATION**

A parent may have their child excused from P.E./recess participation for medical reasons for two days by writing a note to the teacher. A physician’s note is required for any further exclusion from P.E./recess participation. A medical note will be needed resume P.E./recess participation if a medical excuse was used to exclude them originally.

## **AFTER SCHOOL DISMISSAL PROCEDURES**

Parents must notify the school by 9:00 A.M. by written note, phone call, or in person to the school office with any changes to their child’s usual destination after school. This procedure helps to provide for the safety of our students. All notes changing a child’s destination after school must be signed by the parent/guardian unless verbal permission has been given by the parent/guardian. Students must also have signed or verbal permission given to the office from their parent/guardian to ride home after school with anyone other than their own parent/guardian.

### **BUS RIDERS:**

1. Students will line up in two (2) lines (one for each of the bus routes) in the hallway across from the main office.
2. Students will wait quietly in line until the bus drivers dismiss them to walk to their bus.

### **WALKERS:**

1. Walkers should leave the school building by way of the east doors and walk directly home.
2. Students should remain on the school sidewalks or along the side of the street when the sidewalk is unavailable (due to snow, standing water, etc.).

**STUDENTS WHO HAVE RIDES HOME:**

1. Parents who are picking up their children after school should be parked on the east side of the school near the library entrance and should wait until the students leave the building.

**If a parent picks up their child early or is dropping an item off, the parent must check in and wait in the office until school personnel delivers the child. Parents/guest are not to enter the classroom without prior communication with the teacher. This often create a distraction for students.**

**NONDISCRIMINATION THE BASIS OF SEX OR DISABILITY**

All students are offered access to all school district programs, clubs, and activities within the limits of their capabilities and legal constraints. The school district has agreed to fulfill all requirements of Title IX and Section 5 extending equal opportunity to all students and employees, where access is not possible, equivalent activities will be provided.

Questions regarding program access should be directed to the Superintendent. Unresolved issues will be forwarded to the Superintendent.

**EDUCATIONAL OPPORTUNITIES**

**GRADES, HONOR ROLL, ACADEMIC AWARDS**

Report cards are issued every nine (9) weeks. Grading scale and Honor Roll requirements are as follows:

<u>Report Card Grades</u>		<u>Points for Determining Honor Roll</u>	
A = 100-93	C = 76-73	A+ =4.25	C+ =2.25
A- = 92-90	C- = 72-70	A =4.00	C =2.00
B+ = 89-87	D+ = 69-67	A- =3.75	C- =1.75
B = 86-83	D = 66-63	B+ =3.25	D+ =1.25
B- = 82-80	D- = 62-60	B =3.00	D =1.00
C+ = 79-77	F = 59-0	B- =2.75	D- =0.75
		F =0	

Honor Roll will be made up of students with a grade point average of 3.0 with no more than 2 C’s and no D’s or F’s in any graded subject/class. High Honor Roll will be made up of students with a grade point average of 3.5 with no grades lower than B’s in any graded subject/class. Students with straight A’s will have an asterisk following their names on the High Honor Roll. Subjects that are included in determining the Honor Roll are: Reading, Spelling, Language Arts, Math, Science, Social Studies, and Health.

Letter grades will be assigned for Music, Band, Skills, and Physical Education. Any student who receives an F in Music, Band, Skills, or Physical Education will not be entered on the Honor Roll. Grades in Music, Skills, and Physical Education will be a part of eligibility.

If a student moves into the Malden Grade School District midterm (any time after beginning of 9 weeks grading period), grades for the current 9 weeks will be the responsibility of the previous school district, unless Malden Grade School teachers believe sufficient assessment has been shown in academic classes to provide a grade average. If needed grades cannot be obtained in a timely manner from the previous school district to be able to record at the time report cards are released to parents, no grade will be assigned to this student for the current 9 weeks only. Parents will then be responsible for obtaining any grades for their records from the previous school district. Any student will be eligible for Honor Roll and High Honor Roll for grades recorded on that student’s report card by Malden Grade School teachers for any 9 weeks term.

The final grade assigned by the teacher cannot be changed by the Superintendent/principal without notifying the teacher.

Reasons for changing a student’s final grade include:

- A miscalculation of test scores;
- A technical error in assigning a particular grade or score;
- The teacher agrees to allow the student to do extra work that may impact the grade;
- An inappropriate grading system used to determine the grade; or
- An inappropriate grade based on an appropriate grading system.

**HOMEWORK**

The purpose of homework is to enrich the school experience, strengthen basic skills, and improve student study habits. Classroom teachers will determine when homework is due and how grades will be penalized if work is late. After an

absence, in Third through Eighth grades, it is the student's responsibility to check with the teacher for assignments missed and to turn-in when complete.

### **PROGRESS REPORTS**

Student Progress Reports are sent to parents midway through each grading period by the teacher responsible for the subject grade. They are sent to notify parents of students who are:

- 1) doing very commendable work;
- 2) failing or nearly failing;
- 3) having behavior problems.

### **PARENTS/TEACHERS CONFERENCES**

Parent/Teacher conferences are routinely scheduled for all families in the fall. Teachers will contact parents specifically for other conferences as needed throughout the school year and in the spring. The Problem Solving Team will also arrange meetings with parents as needed. In the event that parents feel that additional conferences are needed, parents should make arrangements in advance with the child's teacher for a specific appointment (day, time, and location).

### **SCHOOL VISITATION RIGHTS**

The School Visitation Rights Act permits employed parent(s)/guardian(s), who are unable to meet with educators because of a work conflict, the right to time off work to attend necessary educational or behavioral conferences at their child's school. At request of parent/guardian the Superintendent/Principal will provide written Verification of School Visitation.

### **LIBRARY**

Malden Grade School has a centralized school library, which is available for use by all students. A library aide is employed by the school for overall organization and library usage for each grade level. If a school library book is lost or seriously damaged, the school will request payment from the student responsible for the loss or damage.

### **ENGLISH LANGUAGE LEARNERS**

The superintendent/Principal will develop and maintain a program for English Language Learners as needed.

### **SPECIAL EDUCATION SERVICES**

Students who are not currently receiving services, but may be in need of special services, are referred by teachers and/or parents to the Building Based Team. These students are then tested to determine the best ways to meet their individual educational needs. Some of these services are provided by the local district, such as Speech and LD (Learning Disabilities). Other services are provided at other school sites. All students have the right to a free, appropriate public education.

### **ANNUAL NOTIFICATION REGARDING SCHOOL DISTRICT ACCESS TO MEDICAID OR OTHER PUBLIC BENEFITS OR INSURANCE PROGRAMS TO PROVIDE OR PAY FOR IEP SERVICES**

1. With a parent's consent, the School District may access Medicaid or other public benefits or insurance programs in which the parent's child participates, and provide the child's personally identifiable information to Medicaid or other public benefits or insurance programs in order to provide or pay for IEP services, to the extent permitted under the other public benefits or insurance programs;
2. The School District may not require a parent to sign up for or enroll in public benefits or insurance programs in order for the parent's child to receive IEP services;
3. The School District may not require the parent to incur out-of-pocket expenses such as the payment of a deductible or co-pay amount incurred in filing a claim for services, other than any cost that the parent would otherwise be required to pay;
4. The School District may not use a child's benefits under a public benefits or insurance program if that use would decrease available lifetime coverage or any other insured benefit; or result in the family paying for services that would otherwise be covered by the public benefits or insurance program and that are required for the child outside of the time he/she is in school; or increase premiums or lead to the discontinuation of benefits or insurance; or risk loss of eligibility for home and community-based waivers, based on aggregate health-related expenditures;
5. A parent's refusal to allow the School District to access Medicaid or other public benefits or insurance programs does not relieve the District of its responsibility to ensure that all required IEP services are provided to the child at no cost to the parent. Likewise, the withdrawal of consent or refusal to provide consent under 34 C.F.R. Part 99 and Part 300 to disclose personally identifiable information to Medicaid or other public benefits or insurance programs does not relieve the School District of its responsibility to ensure that all required services are provided at no cost to the child.

6. A parent has the right under 34 C.F.R. Part 99 and Part 300 to withdraw his/her consent to access Medicaid or other public benefits or insurance programs and/or to disclose his/her child's personally identifiable information to Medicaid or other public benefits or insurance programs at any time.

### **504 SERVICES**

Students who do not qualify for special education services still may qualify for a 504 Plan for physical/health or mental impairment which substantially limits one or more major life activities. Parents should contact school administrator to request 504 Application to make a determination of whether the child has a disability under Section 504.

### **SPEECH/LANGUAGE SCREENINGS**

Students at Malden Grade School will be screened for speech and language abilities at the request of any teacher or parent. Parents of any student screened will be notified of the results in writing.

### **TESTING**

All students will be given achievement and ability tests throughout their school career. The MAP (Measures of Academic Progress) will be given in the Fall and Spring (and more frequently if teacher wishes to track a student's progress more closely) to First through Eighth grades. PARCC will be given to Third through Eighth grades in the Spring. Results are made available to parents. All students grades K-8 will also take AimesWeb testing. Testing serves as a means to study and evaluate student progress and plan for curricular improvements.

### **FINE ARTS PROGRAMS**

Music classes are provided twice a week (Monday and Wednesday) for all students, Kindergarten through Eighth grades and Life Skills. Students are expected to exhibit good conduct and follow the same school rules during music class.

Art classes are provided one or two Thursdays a month for all students, Kindergarten through Eighth grades. Students are expected to exhibit good conduct and follow the same school rules during art class.

Band in grades Fifth through Eighth is an optional course for students. To insure reasonable stability and avoid situations of exodus that could be harmful to the stability of the program, the program demands that the choice to participate ties the student into such as a semester at a time. The music instructor should be notified prior to the end of the semester, by the parent, that their son/daughter would be exiting the program. Along with the **commitment** to participate in band, is the additional responsibility to participate in performances and contests with the band, unless religious beliefs dictate otherwise. This requirement does not include beginner's band, as the purpose here is one of adjustment and to test whether further participation would be of a positive nature to the program, student, parent, and music instructor, etc. ***Failure to comply with the compulsory semester commitment may result in a failure in band for the remainder of the semester involved.*** Any departure from this rule will be a result of approval by the student, parent, music instructor, administration, and Board of Education.

Fine Arts Programs for the community will be held two evenings a year, in winter and spring. Students are expected to attend all performances unless a written note is provided by the parent to the teacher, barring emergencies by the day before the scheduled performance.

### **JUNIOR HIGH PHYSICAL EDUCATION REQUIREMENTS**

Daily physical education is mandated by Illinois School Code, Chapter 122, Article 27-5.

A written note from a parent may excuse a student for up to two (2) days. A written notice from a physician is required for longer than two days or exemption from P.E. Exemption may also be accepted due to religious reasons when appropriate written policy is given to the Superintendent.

Junior High Students must have available an appropriately fitting separate set of red shorts, separate pair of white socks, and solid white, gray, or tan short-sleeved (no tanks or sleeveless) unimprinted shirt or Malden Mascot logo for Physical Education class only, as well as a pair of gym shoes. Shirt and shorts must have the student's name on the inside tag or the outside. Only sweatpants and sweatshirts may be worn over gym clothes as needed on cooler days. Sweatshirts and sweatpants must follow dress code guidelines. Track sweats may not be worn during P.E. times. Arrangements with local vendors for these clothing items have been made for those families who would like to purchase P.E. clothes at a good price. Students who do not have their Physical Education clothes or gym shoes with them at school will be given a warning the first time and will earn a 15 minute working detention for succeeding times in each nine week period when they do not have these clothes or shoes for the Physical Education Class period. P.E. clothes must be washed weekly

For all grades, Kindergarten through Eighth grades, an appropriate pair of shoes (preferable tennis style shoes) must be available to wear during PE activities. These may be the shoes the student wears to school or may be brought from home for the day if the student is wearing sandals or dress shoes that are inappropriate for running and kicking activities.

### **SEX EDUCATION EXEMPTION**

Health Education is also part of the physical education program. A unit on sex education appropriate for junior high students is included. Parents may submit a written request to exempt their son or daughter during the presentation of a sex and/or AIDS education unit or program. The parent should submit the exemption request at the time of enrollment or during the first week of school.

### **FIELD TRIPS, PERMISSION SLIPS, AND CHAPERONES**

Field trips are planned in advance by each teacher and the Superintendent. Field trips are considered a part of the educational curriculum of the school. Field trips are not elective for the students. All students are expected to be in attendance on all field trip days and to attend these trips. Under no circumstances should curriculum related field trips be used for disciplinary purposes by parents. All students are expected to ride the bus to and from a field trip with the rest of the class as part of the regular attendance day. Only relevant school personnel, students and designated chaperones may ride the bus to field trips. Electronic devices and accessories may not be brought on field trips without teacher permission. The school will not be responsible for any damaged or missing student items. The Junior High end-of-year field trip is not considered a curriculum related field trip.

Permission slips are sent home by your child's homeroom teacher. These slips include the date, destination and other information about the trip. Your signature is required on this form and must be signed and returned to the school by the specific deadline on the permission slip. No student will be allowed to participate if the permission slip is not signed by the parent or if verbal permission from the parent is not obtained.

Chaperones for field trips will be requested as needed. The need for additional help will be determined at the discretion of the classroom teacher. Only parents, guardians, or grandparents may accompany students as chaperones. They will be assigned students to supervise by the teacher(s) in charge. Chaperones must follow all of the school rules while on a field trip and will need to pay their own admission cost. If parents, guardians, or grandparents wish to attend a field trip as a non-designated chaperone, they will be required to provide their own transportation and admission cost for the trip. They may accompany their own child who will already be assigned to a specific chaperone for the trip and will remain as a part of that group.

**A student may be denied permission by the school administration to participate on a field trip if the student may have potential behavior problems that could result in additional liability problems for the teacher supervising student in a public setting and away from the school facility. The administration will arrange an in school educational experience for any student denied permission to attend a field trip for the above reason.**

### **PROMOTION/RETENTION POLICY**

Malden Grade School District #84 is committed to encouraging and assisting the educational development of each student. Students will not be promoted solely based upon age or social promotion. Promotion will be determined on the basis of student attendance, student performance at the expected grade level in the basic skills, and successful completion of the curriculum.

Consideration for retention may be made for students who accumulate more than 27 school day absences during a school year. After 18 days of absence during the school year, the Superintendent/Principal, with assistance of teaching staff, will conduct interview with student, parents, and any other persons who may have information concerning the cause of student's absenteeism. Available supportive services, including but not limited to parent/teacher conferences, student counseling, or information about community agency services, will be offered to the family. If truancy continues after supportive services have been offered, the Superintendent/Principal will request the resources of outside agencies, such as the juvenile officer of the local police department or the truant office of the Bureau Henry Stark Regional Office of Education.

Students in kindergarten through second grade with an end of the year average of unsatisfactory in Reading at the enrolled grade level will be considered for retention. Students in third through eighth grade with an end of the year average of one F or Two D's in Reading and/or Mathematics will be considered for retention. The classroom teacher will have the primary responsibility for each student, subject to review and approval by the Superintendent.

The administration shall develop standards for satisfying the criteria for promotion, and shall develop and maintain appropriate remedial programs to assist students determined not to qualify for promotion to the next level.

The Principal is the records custodian for his/her respective building and is responsible for the maintenance, care, and security of a student's permanent or temporary records. Upon a student's graduation, transfer, or permanent withdrawal, the Principal or designee shall notify the parent(s)/guardian(s) and the student when the student's permanent and temporary school records are scheduled to be destroyed and of their right to request a copy. ### **FERPA**

The Family Educational Rights and Privacy Act (**FERPA**) and the Illinois Student Records Act afford parents/guardians and students over 18 years of age ("eligible students") certain rights with respect to the student's education records. They are:

- 1. The right to inspect and copy the student's education records within 15 school days of the day the District receives a request for access.**

The degree of access a student has to his or her records depends on the student's age. Students less than 18 years of age have the right to inspect and copy only their permanent record. Students 18 years of age or older have access and copyrights to both permanent and temporary records. Parents/guardians or students should submit to the Building Principal (or appropriate school official) a written request that identifies the record(s) they wish to inspect. The Principal will make arrangements for access and notify the parent(s)/guardian(s) or student of the time and place where the records may be inspected. The District charges \$.10 per page for copying but no one will be denied their right to copies of their records for inability to pay this cost.

These rights are deemed to any person against whom an order of protection has been entered concerning a student (105 ILCS 5/10-22.3c and 10/5a, and 750 ILCS 60/214(b)(15).

- 2. The right to request the amendment of the student's education records that the parent(s)/ guardian(s) or eligible student believes is inaccurate, misleading, irrelevant, or improper.**

Parents/guardians or eligible students may ask the District to amend a record that they believe is inaccurate, misleading, irrelevant, or improper. They should write the Building Principal or records custodian, clearly identify the record they want changed, and specify the reason. If the District decides not to amend the record as requested by the parents/guardians or eligible student, the District will notify the parents/guardians or eligible student of the decision and advise him or her of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent(s)/guardian(s) or eligible student when notified of the right to a hearing.

**3. The right to permit disclosure of personally identifiable information contained in the student's education records, except to the extent that the FERPA or Illinois School Student Records Act authorizes disclosure without consent.**

Disclosure is permitted without consent to school officials with legitimate educational or administrative interests. A school official is a person employed by the District as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the School Board; a person or company with whom the District has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapist); or any parent(s)/guardian(s) or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks.

A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

Upon request, the District discloses education records without consent to officials of another school district in which a student has enrolled or intends to enroll, as well as to any person as specifically required by State or federal law. Before information is released to these individuals, the parents/guardians will receive prior written notice of the nature and substance of the information, and an opportunity to inspect, copy, and challenge such records.

When a challenge is made at the time the student's records are being forwarded to another school to which the student is transferring, there is no right to challenge: (1) academic grades, or (2) references to expulsions or out-of-school suspensions.

Disclosure is also permitted without consent to: any person for research, statistical reporting or planning, provided that no student or parent(s)/guardian(s) can be identified; any person named in a court order; appropriate persons if the knowledge of such information is necessary to protect the health or safety of the student or other persons; and juvenile authorities when necessary for the discharge of their official duties who request information before adjudication of the student.

**4. The right to a copy of any school student record proposed to be destroyed or deleted.**

Student records are reviewed every 4 years or upon a student's change in attendance centers, whichever occurs first.

**5. The right to prohibit the release of directory information concerning the parent's/ guardian's child.**

Throughout the school year, the District may release directory information regarding students, limited to:

- Name
- Address
- Gender
- Grade level
- Birth date and place
- Parents'/guardians' names and addresses
- Academic awards, degrees, and honors
- Information in relation to school-sponsored activities, organizations, and athletics
- Major field of study
- Period of attendance in school

*Any parent/guardian or eligible student may prohibit the release of any or all of the above information by delivering a written objection to the Building Principal within 30 days of the date of this notice. No directory information will be released within this time period, unless the parents/guardians or eligible student is specifically informed otherwise.*

A photograph of an unnamed student is not a school record because the student is not individually identified. The District shall obtain the consent of a student's parents/guardians before publishing a photograph or videotape of the student in which the student is identified.

**6. The right to request that military recruiters or institutions of higher learning not be granted access to your secondary school student's name, address, and telephone numbers without your prior written consent.**

Federal law requires a secondary school to grant military recruiters and institutions of higher learning, upon their request, access to secondary school students' names, addresses, and telephone numbers, unless the parents/guardians request that the information not be disclosed without prior written consent. If you wish to exercise this option, notify the Building Principal where your student is enrolled for further instructions.

7. **The right contained in this statement: No person may condition the granting or withholding of any right, privilege or benefits or make as a condition of employment, credit, or insurance the securing by any individual of any information from a student's temporary record which such individual may obtain through the exercise of any right secured under State law.**

**Parent(s)/guardian(s) will be notified in writing of any survey created by a third party that may be given to any district students. Notification will include information concerning the survey, an opt-out option, and the option to review any survey instrument or instructional material.**

## STUDENT RIGHTS AND RESPONSIBILITIES

### **CITIZENSHIP RIGHTS**

The U.S. and Illinois Constitutions and State laws have established that students are entitled to citizenship rights, as provided for persons of their age and maturity. However, these rights must be exercised with the same restraint, which the courts impose upon other citizens.

Community service activities will be performed under the following guidelines:

1. Students will only engage in community service activities if they choose to volunteer.

### **DISCIPLINARY POLICY AND PROCEDURE**

**The handbook is used as a guide and the administration and board reserve the right to make discipline decisions based on individual needs and circumstances.**

### **SUSPENSION AND EXPULSION OF STUDENTS**

The school code of the State of Illinois will be followed in all cases of suspension and expulsion of students:

**A. MAINTENANCE OF DISCIPLINE** - from section 24.24 of the State of Illinois School Code. Teachers and other certified educational employees shall maintain discipline in the schools. In all matters relating to the discipline in and conduct of the schools and the school children, they stand in relation of

parents and guardians to the pupils. This relationship shall extend to all activities connected with the school program and may be exercised at any time for the safety and supervision of the pupils in the absence of their parents or guardians. The assignment of in-school or out-of-school suspension is at the discretion of the administration.

Students will be able to make up missed work with a grade reduction during a suspension. All such work is due at 8:00 a.m., on the day the student returns to school following the suspension. Long-term homework assignments are due on the assigned date.

**B. INTERNAL SUSPENSION** – will be served during the school day under supervision of administrative staff. Students will not attend classes, but will be allowed to complete homework assignments.

Students may not attend or participate in any extracurricular activity on the day(s) of serving an external or internal suspension or the day following the end of the suspension.

**C. EXPULSION** - means the permanent exclusion of a pupil from the pupil’s school of the district. Section 10-22.6 of the School Code read. “To expel pupils guilty of gross disobedience or misconduct, and no action shall lie against them for such expulsion. Expulsion shall take place only after the parents have been requested to appear at a meeting of the board to discuss their child’s behavior. Such a request shall be made by registered or certified mail and shall state the time, place and purpose of the meeting. The Board, at such meeting, shall state the reasons for dismissal and the date on which the expulsion is to become effective.”

When a student is serving an assigned out-of-school suspension or has been expelled from school by the Board of Education, he/she is not allowed to be on school property unless under the supervision of his/her parent for official administrative purposes. Unaccompanied students will be considered trespassers, and the proper authorities shall be notified.

#### **DUE PROCESS**

Within 24 hours of the disciplinary occurrence of Suspension longer than 10 days or Expulsion, a student will be entitled to all rights as listed in Illinois School Code, allowed due process to at least include:

1. A Hearing before the Board of Education
2. Presentation of a defense.
3. Explanation of the circumstances.
4. Providing proof of innocence.

When determining the response for a specific breach of discipline, school personnel will consider the nature of the act, the student’s previous school history, his/her age and maturation, and mitigating circumstances, and the affect of his/her actions on the welfare of the school community.

No student will be expelled from school before receiving the opportunity for a hearing before the Board of Education or before a hearing officer appointed by the Board. Prior to any expulsion, the parent shall be given written notice of the time and place for the expulsion hearing. A student may be expelled from school for a period of time that exceeds ten (10) days, but not in excess of two (2) years.

If there is still no resolution, the matter will be resolved by the Board of Education within 48 hours. Information concerning the disciplinary occurrence will be presented to the Board members by school personnel. The Board members will make a decision concerning how the disciplinary occurrence should be handled by majority consensus.

When in the opinion of the authorized administrator, a student poses an immediate threat to himself/herself, others, or school property; he/she may suspend a student immediately. In such an event, a written notice will be sent by certified mail to the parent. A parent shall be advised in writing of any subsequent disciplinary decision.

### **ACADEMIC DETENTIONS**

Completion of homework is important to maintaining acceptable academic grades. Failure to complete homework is the most consistent reason for low grades and for student failure to meet eligibility guidelines. Failure to complete homework and turn it in on a timely manner, as directed by classroom teachers, violates the Junior High Behavior Rules of 1) Following directions and 5) Be in your seat with ALL materials - on time.

Students on Friday's Ineligibility List will be given an Academic Detention for the following week. An Academic Detention will require a student to come to After School Study Hall from **3:00-3:30** p.m. on the following Monday, Tuesday, and Thursday. Administration and Junior High teachers will supervise homework and provide academic assistance during After School Study Hall on a rotating basis.

### **COMMUNITY SERVICE DETENTION OPTION**

1. After first warning, for succeeding times in each nine week period when a student does not have clothes or shoes for Physical Education class, student will be given a detention with the possibility of requesting a community service option in lieu of a regular detention. To fulfill the community service option the student will spend 15 minutes after school helping with a cleaning activity that is beneficial to the school environment. If the parent/s and student do not wish to use the community service option, then the student will serve a regular detention as listed on page 23.
2. After first warning, for succeeding times in each nine week period when students leave books, book bags, clothing, and other materials on the floor of the hallway, a safety hazards for other students and staff, student will be given a detention with the possibility of requesting a community service option in lieu of a regular detention. To fulfill the community service option the student will spend 15 minutes after school helping with a cleaning activity that is beneficial to the school environment. If the parent/s and student do not wish to use the community service option, then the student will serve a regular detention as listed on page 23.

## **ROLE OF SUBSTITUTES AND OTHER SUPPORT STAFF IN DISCIPLINE**

All school personnel, including substitutes, certified, and non-certified staff, may assign warnings and detentions to students who are not following the established rules or may recommend to the classroom teacher that a detention was earned.

## **IMPROPER AND UNACCEPTABLE CONDUCT**

Listed are the following acts of improper conduct and the consequences for these acts:

- A. **BULLYING BEHAVIOR** - will not be tolerated. Whether in verbal or physical form, attempts to bully; impose fear, physical harm, and/or emotional stress on another student(s) is unacceptable behavior that will result in appropriate disciplinary actions (detention, suspension or expulsion). Behavior that is determined to be bullying in nature, usually occurs over time, is used to control and/or intimidate the targeted victim(s) and usually cannot be resolved with peer mediation. Bullying behavior occurring outside of the school day may still be determined to disrupt the educational process and therefore may result in appropriate disciplinary actions (detention, suspension or expulsion). **Aggressive Behavior Reporting Letter will be sent home to parent(s)/guardian(s) of a student who engages in aggressive behavior, including such behaviors that could be construed as bullying. See Board Policy 7:20.**
- B. **CHEATING** – engaging in academic dishonesty, including intentionally plagiarizing, wrongfully giving or receiving help during academic work and testing, and wrongfully obtaining test copies or scores is unacceptable. It results in the complete lost of credit for that particular piece of work for all parties involved and all parents will be informed.
- C. **FIGHTING** - is unacceptable. When a staff member, a student or students allege that a fight has occurred, the issue will be resolved by the classroom teacher or Superintendent. Penalties may range from detention for the smaller offense, to suspension for more serious offenses. Acting in self-defense means not contributing in any way to the start. There should also be an attempt to retreat and to neutralize a hostile situation without escalating it.
- D. **THEFT** - is unacceptable. Persons taking property of others will be disciplined on the basis of the severity of the offense. If the seriousness of the case warrants, juvenile authorities will be notified. Also, restitution will be necessary.

Toy weapons should not be brought to school for show and tell or as part of a Halloween costume. Gun Free Schools Act of 1994 imposes a mandate upon states requiring expulsion for a period of not less than one year for students who are determined to have brought a firearm to school. Modification of this requirement by the Superintendent is possible for individual students on a case-by-case basis. Police referrals will be made for violators of the district gun policy.
- K. **SEXUAL HARASSMENT** – is prohibited. Sexual harassment is defined as the following:

- b. Conference with parent/guardian,
- c. Referral to appropriate law enforcement agency,
- d. Suspension for up to 10 days,

#### **PARENTAL ROLE IN STUDENT DISCIPLINE**

Parents are equal partners with the school in maintaining discipline for all students. Working with the school and supporting the school at home will greatly benefit both the school-wide maintenance of discipline and the overall maturity and growth of each student. There may be times when parents become aware of situations that may be occurring at school that could be harmful to a student or students. It is important that parents bring this information to the attention of teachers or administration so that the situation can be dealt with in the best interest, health, and safety of all students.

The District has established and maintains a Parent/Teacher Discipline Advisory Committee. Members of this Discipline Advisory Committee include junior high teachers, two board members, two parents, two junior high students, and school administrator. The role of the Discipline Advisory Committee is to assist in the development of guidelines on student discipline, temporary classroom exclusion of disruptive students by the teacher, and school searches. At least annually the Discipline Advisory Committee will make a report to the Board of Education recommending changes or additions to the District's discipline policies. Approval by the Board of Education shall be required for adoption of any policy changes. Any parent or community member interested in participating on the Discipline Advisory Committee is encouraged to notify the Principal of his/her desire to serve.

#### **DRUG/TOBACCO/ALCOHOL ABUSE**

Non-medical use of drugs is hazardous to the health of students. The illicit use, possession or distribution of drugs or look-alike drugs and drug paraphernalia is not permitted on school busses, in school buildings or on school grounds at any time. This policy extends to all school sponsored and related activities as well as field trips, athletic, and music trips, whether held before or after school, evenings or weekends.

Students shall not be permitted to attend school when they are under the influence of illicit drugs. For the purpose of this policy, students who are under such influence shall be treated in the same manner as though they had drugs in their possession.

If a staff member finds a student to be illicitly using, possessing or distributing drugs or look-alike drugs in violation of this policy, the student will be suspended for a period of up to ten (10) days for the first offense and/or expelled. In addition, parents and juvenile authorities shall be notified promptly.

In all cases, parents' cooperation shall be sought. When a substance is determined to be an illicit drug, the identity of the student shall be given to the proper authorities for prosecution. Second offenders may be recommended to the School Board for expulsion.

If there is reason to believe that a student is using drugs/alcohol illicitly at any time on or off school premises, the health and counseling services of the school shall be made available to the student and his/her parents.

Given reasonable grounds for suspicion, school officials may search for and seize illicit drugs brought onto the school buses or school property and submit such drugs to the proper authorities for analysis. Organizations sponsoring activities on the school's facilities outside of regular school hours shall be made aware of this policy and shall be expected to take appropriate disciplinary measures. Failure to do so could result in cancellation of that organization's privilege to use District facilities.

Bureau County Sheriff Department K-9 Unit will be invited by the Malden CCSD #84 administration to perform illegal substance searches within school buildings and grounds at random times throughout the school year. During these times staff will conduct classroom lock downs with all students. Anyone found to be in possession of illegal substance/s will be turned over to the proper authorities.

#### **BEHAVIORAL INTERVENTIONS POLICY FOR STUDENTS WITH DISABILITIES SCHOOL DISTRICT #84**

The purpose of this document is to outline the policy of School District #84 on the use of behavioral interventions with students with disabilities. It is the fundamental principal of this policy that nonadversive or positive interventions designed to develop and strengthen desirable behaviors shall be used to the maximum extent possible and are preferable.

The use of positive interventions is consistent with the educational goals of enhancing students' academic, social and personal growth. While positive approaches alone may not always succeed in controlling extremely inappropriate behavior, the use of more restrictive procedures should always be considered to be temporary, and approached with caution and restraint. The use of restrictive interventions should maintain respect for the student's dignity and personal privacy, and adhere to professional practices. All students with disabilities and their parents under the Individuals with Disabilities Education Act (IDEA), including notice and consent, opportunity for participation in meetings, and right to appeal, shall be observed when implementing behavioral interventions. It is the intent of School District #84 that behavioral interventions for a student with disabilities will incorporate procedures and methods consistent with generally accepted practices in the field of behavioral intervention. Interventions that are considered nonrestrictive are preferred because of both the low risk of negative side effects, and the high priority placed on behavior change. Nonrestrictive interventions may be used without the development of a written Behavior Management Plan within the student's Individual Education Program (IEP).

Restrictive interventions may be appropriate during emergency situations or when less restrictive interventions have been attempted and failed. These interventions should only be used when a Behavior Management Plan has been developed by the IEP Team and included in the student's IEP. Restrictive interventions shall be used for the minimal amount of time necessary to regain control of the individual's behaviors. Corporal punishment is an illegal intervention and shall not be used. In addition, expulsion with loss of services is also considered illegal for students identified with a disability.

When confronted with an emergency situation in which immediate intervention is needed, such as to protect students, other individuals or the physical site from harm, school personnel may use an intervention that has not been delineated in the student's Behavior Management Plan. The emergency situation selected shall be the least intrusive to reasonably respond to the situation. When an emergency intervention has been used with a student, the parents or guardians of the student will be notified as soon as possible. In addition, details related to the use of the emergency intervention will be documented with a copy sent to the parent or guardian.

School District #84 shall maintain a Behavioral Intervention Committee to implement and regularly review the district policy on the use of Behavioral Interventions.

This policy has been developed based on a review of the document entitled "Behavioral Interventions in Schools: Guidelines for Development of District Policies for Students with Disabilities" prepared by the Illinois State Board of Education dated

June 30, 1994. A copy of these guidelines may be requested from the Illinois State Board of Education, 100 North First Street, Springfield, IL 62777—0001. A complete copy of the Behavioral Interventions Policy and Procedures for District #84 may be requested from Mr. Michael Patterson.

### **KINDERGARTEN BUS RIDERS**

To ensure the safety of our Kindergarten students when they return home on the bus from school each day, we are asking that an adult come to the door and be visible to the bus driver. This will inform the driver that the student has adult supervision. As the winter progresses, this will be a very important reassurance for both parents and our school.

**STUDENT TRANSPORTATION ON FIELD TRIPS**

The same rules apply for these events and must be followed whether it is our bus being used. All students will be under the direct supervision of the driver, members of the faculty, or a designated person who may be riding on the bus.

## **VISITORS**

Parents and visitors are welcome at Malden Grade School. However, all visitors must report to the office before proceeding to a classroom. Parents should call first to make an appointment and schedule a specific mutually agreed upon time to meet with a teacher.

The purpose of administering medications in school is to help each child maintain an optimal state of health that may enhance his/her educational plan. The intent of these guidelines is to reduce the number of medications given in school, yet assure safe administration of medications for those children who require them.

### **Guidelines:**

- I. Parents/Guardians, if at all possible, should administer all dosages of medication for their child at home. Medication may be taken at school only for the following conditions: Control of convulsive disorders (such as epilepsy), control of hyperactive behavior (such as neurological problems), control of long term and chronic disease (such as cystic fibrosis), and only when the student's health would be jeopardized without the medicine. Only those medications, which are necessary to maintain the child in school and must be given during school hours will be administered.
- II. All medications, including non-prescription drugs, given in school must be prescribed by a licensed prescriber on an individual basis as determined by the child's health status. "School Medication Authorization Form" must be completed and signed by the parent/guardian and the physician. Medication must be in the original prescription container from the pharmacy or physician's office and properly labeled with:
